Jordan Ingalls

[redacted]

OBJECTIVE

Motivated Oregon State University student with a strong foundation in stochastic statistical modeling, quantitative analysis, and teamwork. Seeking to apply data-driven problem-solving and programming skills to entry-level data science coursework and analytical roles. Brings a proven track record of discipline, communication, and adaptability from competitive athletics and multi-faceted work environments.

EDUCATION

Oregon State University — Corvallis, OR

Bachelor of Science in Data Science and Mathematics

Expected Graduation: June 2029

- **Relevant Coursework:** Differential Calculus, Careers in Data Science, IB Math Analysis and Approaches SL
- **Activities:** Oregon State University Baseball Club Team Member

Newport High School — Newport, OR

International Baccalaureate (IB) Diploma & Honors Diploma | Graduated: June 2026

- **GPA:** 3.9+ Unweighted (Honor Roll)
- **Advanced Standing:** Earned 45 college credits (entered university with sophomore standing)
- **Awards:** Outstanding Student in IB Math Analysis & Approaches SL, IB Math Application & Interpretation SL, Integrated Math 3, and IB Global Politics HL

EXPERIENCE

IB Extended Essay: MLB Expected Runs Stochastic Model | *Independent Data Project*

Nov 2025 – May 2026

- Designed and built a stochastic statistical model based on Markov chains to project expected runs in Major League Baseball games.
- Processed and structured baseball situational data to construct and calculate a 25x25 transition matrix using Microsoft Excel.

- Conducted probability analysis to evaluate run expectancy across various base-out states, demonstrating advanced quantitative reasoning and mathematical modeling.
- Synthesized research methodology and findings into a comprehensive research paper fulfilling International Baccalaureate requirements.

Westminster Woods — Occidental, CA

Lifeguard, First Aider, Cabin Counselor, Child Care Provider | Jun 2026 – Aug 2026

- Supervised groups of 4–7 campers per week (ages 10–15), fostering team cohesion, safety, and a supportive environment.
- Monitored aquatic safety for upwards of 50 campers daily for 4+ hours, ensuring constant vigilance and risk mitigation.
- Administered first aid treatments in the camp health center and during daily outdoor hikes, reacting calmly and decisively in high-pressure situations.

Newport Aquatics Center — Newport, OR

Lifeguard | Jun 2025 – Feb 2026

- Monitored facility safety and cleanliness for over 100 patrons daily during 8-hour shifts.
- Maintained high alertness and situational awareness to prevent accidents and respond swiftly to emergencies.

Restaurant Beck — Depoe Bay, OR

Line Cook, Prep Cook, Dishwasher | Apr 2024 – Jun 2025

- Prepped and executed culinary orders in a fast-paced environment while strictly adhering to food safety standards.
- Managed time-sensitive tasks under intense pressure to maintain high quality and customer satisfaction.
- Maintained a 16-hour weekly work schedule while concurrently completing rigorous IB/Honors high school coursework.

SKILLS

- **Technical & Analytical Skills:** Statistical Modeling, Stochastic Processes (Markov Chains), Quantitative Data Analysis, Microsoft Excel (Matrix Math, Functions, Data Structuring), Mathematical Analysis
- **Certifications:** CPR/AED/First Aid/Lifeguard Certified (exp. 08/2027), Oregon Food Handler Certified (exp. 07/2027)
- **Transferable Skills:** Time Management, Critical Thinking, Risk Management & Vigilance, Team Leadership, Conflict Resolution, High-Pressure Decision Making
